DO YOU=

There are many of our customers whom we rarely ever see. Some of them we never have seen.

These customers make frequent deposits, but send them by mail. They may live many, many miles from Appomattox, but Uncle Sam's postal service makes it convenient for them to bank with us.

We promptly acknowledge receipt of all deposits received by mail, and render periodical statements, thus enabling depositors to keep close check on their ac-

If it is not convenient for you to call on us regularly, why not try banking-bymail? You will be pleased with our

& M SEMI-PASTE PAINTS

Cost to you \$3.66 a Gallon when made ready to use. Use a gallon out of any you buy, and if not the best paint made, return the balance and get all your money back. Sold by Dealers LONGMAN & MARTINEZ, Makers, N. Y.

Every Inch of the Bates Steel Mule is Thoroughbred

The United States government by means of the Department of Agriculture, has been looking into the tractor question, and its bulletins clearly proves that the satisfied tractor owner-men who say that the tractor has paid-are men who own the BETTER CLASS of tractors. The successful man has learned years ago, that he can't get somehing for nothing. No one can. The reason the BATES STEEL MULE costs more is that it is worth more. Skilled factory procedure, quantity production and the most modern Machinery enables us to save money at every turn, yet the BATES STEFL MULE cost slightly more in the beginning to bui'd but considerably less in the long run to own. It's just another case where a seemingly higher priced article is

ar cheapest to own when you come to actually USE it. The Bates thoroughbred quality comes not from mere claims, but from what's put into it. Every part that goes to make up the BATES STEEL Mule is put there by long field experience. There is'nt a part that is'nt time-tried and tested. There is'nt a part that experience has'nt dictated the shape and size of; and in it all there is'nt one superfluous part, nor one part that isn't capable of standing up under twice the strain it gets in actual use. These are things experience and practice have distracted. The BATES comes to you as a fulfil ment of your desire for a tractor that will endure. Price is what we pay for a thing. Value is what we get out of it. Consider your tractor from what you will get out of it, consider how many working days you have when the ground is wet, consider the operations where you can not afford to pack your seed bed, and consider how constantly and economically they must be performed even in rush times, you will then see why the BATES STEEL MULE is the biggest value offerd in any tractor on the American market today.
